ECONOLINE TOYS

In SEQ-48 "Don's Dyslexic Digits" once again made a typo and erroneously reported that the recently released limited edition Muscle Machines die cast first generation Econoline van model produced as a Jesse James West Coast Chopper & Cars item were 1:43 scale rather than the actual scale of 1:64. Chopper Dave says that a 1:24 scale version (about 6" long) of his black primed spotlight on the roof regular van is in the works.
